Attached is a very rough draft document, based on our discussion yesterday. It is meant to be simplified so that any media can use the document. Please red-line my document by Thursday, March 1st. In addition, I will use the final draft to develop talking points for the Business Review Meeting (March 12, 2018)

In addition, I have added the following attachments as part of the Draft Document:

Attachments:

Cross-Cutters: Outline of Process

SRF Cross-Cutting Law Handbook

Consultation and Coordination with Federally Recognized Indian Tribes: EPA Region 6

Ben Banipal/Chris Villarreal:

If you have any input from a Superfund perspective, please red-line in the document. If you have a separate document, please forward to me and I will include portions within our document.

Phil Crocker:

Please provide any input via red-line.

Thank you for all your contributions to this issue,
